**摘要：**学界对秦“二十六年临湘守戈”的年代和戈铭中“临湘守”的理解一直存有争议，本文从地名“临湘”入秦的时间着手，定其年代为秦始皇二十六年；认为“临湘”不可能是“郡治县名代替郡名”，也不可能是新见的郡名，戈铭中的“临湘守”应该是县守，该戈应为秦代县级武库制造的兵器。

**Abstract:** This paper argues that the 26<sup>th</sup> year, inscribed on the dagger-axe, was referring to the 26<sup>th</sup> year of the First Emperor, since Linxiang was occupied by the Qin at the time. Meanwhile, the author believes that *Lin Xiang Shou* in the inscription should be considered as the mayor of Linxiang Xian (county), instead of the mayor of Linxiang Jun (prefecture), thus the dagger-axe was actually produced in a county-level armory.
